

7 Wall sleeves

7.1 Polymer cement wall sleeve

PQZ wall sleeves are made of a special asbestos-free polymer-quartz-sand cement and are suitable for installation in walls and ceilings. These wall sleeves are tight against pressing water and qualify for the use in drinking water facilities as we only use tested materials in their manufacture.

They are designed to take in seal inserts for pipe and cable penetrations.

item name	inside diameter [mm]	outside diameter [mm]	distance between grooves [mm]	depth of grooves [mm]	radius of grooves [mm]
PQZ DN 80	80 +/- 1	110 +/- 2	19 +/- 1	3	2,5
PQZ DN 100	100 +/- 1	130 +/- 2	19 +/- 1	3	2,5
PQZ DN 125	125 +/- 1	155 +/- 2	19 +/- 1	3	2,5
PQZ DN 150	150 +/- 1	180 +/- 2	19 +/- 1	3	2,5
PQZ DN 200	200 +/- 2	240 +/- 2	19 +/- 1	4	4
PQZ DN 250	250 +/- 2	290 +/- 2	19 +/- 1	4	4
PQZ DN 300	300 +/- 2	340 +/- 2	19 +/- 1	4	4
PQZ DN 350	350 +/- 2	402 +/- 2	20 +/- 1	4	5
PQZ DN 400	400 +/- 2	452 +/- 2	20 +/- 1	4	5
PQZ DN 450	450 +/- 2	502 +/- 2	20 +/- 1	4	5
